

Silk Contract Logistics is committed to providing a healthy and safe workplace which extends to the consideration of environmental footprint.

Silk Contract Logistics is:

- Responsible for the environmental management of all its sites and is committed to meeting the service requirements of its clients, the community and legislative bodies in all states;
- Committed to meeting its responsibilities under environmental legislation and to provide a working environment that is safe and without risk to health and safety and the environment for its employees. This commitment extends to contractors of Silk Contract Logistics;
- Committed to the implementation and ongoing management of a preventative approach to environmental issues;
- Responsible to communicate to its employees and contractors the need for recognition of environmental issues within the workplace and the ongoing communication and consultation required to address any issues in a positive manner.

Every employee and contractor must comply with all environmental legislation when working on any Silk Contract Logistics site.

The Silk Contract Logistics Executive Management team will ensure our commitment is given effect throughout the Group.
